## CULLIVOE UP HELLY AA 1998

Friday 27th February  
Lighting up time 7:30pm Burnside

Saturday 28 February  
Variety Concert in the Cullivoe Hall starting at  
7:30pm

This years Guizer Jarl is David Henry, alias Solmund Sigurdarson. He is the latest in a line of Jarls to serve a long apprenticeship. Although still a young man he is a veteran of more than twenty campaigns, beginning in the Cullivoe School at the age of five.

David has a summer time job of growing delicious strawberries and raspberries by the thousand, and a daytime job of engineer on the ferry, the Fivla.

David's home, the Haa of Houlland, is one of the oldest houses in North Yell. It is near to the Sands of Breckon, a place inhabited by Vikings, and a place, almost certainly, visited by Erik the Red, and a few years later, his son Leif the Lucky, more than a thousand years ago.

Others in Solmund Sigurdarson's squad are ex-Jarl Kol Kalason, Colin Nicholson, and Brian Thomson who will be the Chief Guizer next year. He is a cousin of Davids. Also in the squad are Brusi Sigurdson, Trevor Henderson, Jarl in 1995, Olaf the Quiet, Marvin Thomason, Jarl in 1994.

New to the Squad is Ian Anderson originally from Orkney, and Edward Nicolson also makes his debut in the senior squad.

Jarl Sigurdarson's longship is aptly named the Nordlys.
